DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-12 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over JP 06-234834 and JP 03-047830.

The abstracts of the cited prior arts disclose methods for the production of the polyesters such as PET comprising condensation, melt-polymerization, and SSP. It is the Examiner's position that the claims are anticipated or at least would have been obvious based on the limited disclosures of the abstracts as discussed above.

3. Other references listed on PTO-1449 have been made part of the record.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to SAMUEL A. ACQUAH whose telephone number is 571-272-1065. The examiner can normally be reached on M-TH, FRIDAYS OFF.
